Velodes® Scrub

Antibacterial emulsion for hygienic hand washing

Application:

Velodes® Scrub is a delicate emulsion for washing hands and the whole body. Thanks to the content of glycerin and a derivative of coconut oil, it protects the skin against excessive drying and moisturizes it slightly. It has skin-friendly pH and mild cleaning agents. It does not contain dyes nor fragrance. Perfect for doctors, dentists, nurses and people with sensitive skin, who wash their hands frequently. Neutral pH, the content of glycerin and coconut oil derivative allows everyday use without causing irritation. The emulsion can be used in the food industry, healthcare facilities, schools, kindergartens and restaurants. It contains panthenol which gives anti-inflammatory effect and accelerates skin regeneration. Gives the skin sensation of softness. Dermatologically tested.

Directions for use:

Apply a small amount of liquid on wet hands, rub to foam and rinse with water. Avoid contact with eyes.
